Quick facts

 Company:	FinLine
 Sector:	Economy & Finance
 Product / service:	Application
 Type of data:	Financial data
 Origin:	United Kingdom

Description

The segment of small and medium enterprises (SMEs) has been severely hit by the COVID-19 pandemic. As Europe sets out for economic recovery, the survival of SMEs is essential. The FinLine app will help SMEs assess their financial viability and provide free customised advice for suitable grants and investment options. Also, it will provide a tool for building a community willing to share financial and technical advice as well as people's skills during the post-COVID-19 recovery.

Benefits

The application offers an easy setup, Intuitive User Interface and can be used on multiple devices.

FINLINE

Financial Lifeline

How open data is used

The application uses a number of open data sources including EU open data Eurostat, GROW, EASME, ECB, REGIO (ESIF) and TAXUD to help SMEs to assess the health of their business and industry and provide free customised advice for suitable grants and investment options.
