Quick facts

-  Company: International Monetary Fund
-  Sector: Government & Public Sector
-  Product / service: Website
-  Type of data: Policy response data
-  Origin: Global

Description

The International Monetary Fund (IMF) created a policy tracker which summarises the key economic responses that governments are taking to limit the human and economic impact of the COVID-19 pandemic. The tracker includes 196 economies.

Benefits

-  This comprehensive overview creates a one-stop shop for all necessary information on policy responses.
-  It provides a better understanding of national fiscal, monetary, macro-financial, exchange rate and balance of payment measures taken by governments worldwide.

How open data is used

The tracker is created using information that is publicly available or is provided by the authorities. They opened up all relevant information on their website.
