

URL www.globalstat.eu

Quick facts

-  Company: GlobalStat
-  Sector: Education, Culture & Sport
-  Product / service: Website
-  Type of data: All domains
-  Origin: Italy

Benefits

-  Close the gap between data proliferation and use
-  Public information tool for users around the world providing a database around developments in a globalised world
-  Statistical data from 1960 onwards for 193 UN countries

How Open Data is used

-  Offers statistical information from a broad range of international sources focusing on economic, environmental, political, social, societal and cultural performance
-  Using expertise of the Global Governance Programme (GGP) and the Francisco Manuel dos Santos Foundation (FFMS)

The screenshot shows the GlobalStat website interface. On the left, there is a list of themes under the heading 'THEMES'. The themes listed are: Demographics, Economic Development & Trade, Energy & Natural Resources, Environment, Financial Activities & Structure, Food, Agriculture & Fisheries, Freedom, Conflicts & Risks, Governance, Health & Living Conditions, Human & Societal Development, Human Mobility, Technological Development, Global Trends, Sustainable Livelihood, and Prosperity of Nations & Human Well-Being. On the right, there is a world map visualization with a dark blue overlay box containing the text 'GLOBALISATION IN FIGURES' and 'START BY CHOOSING A THEME'. Below the map, there is a 'WORLD ID' section with a dropdown arrow. In the top right corner of the map area, there is a red box with the text 'ABOUT THE PROJECT' and a dropdown arrow.

Future plans

-  GlobalStat is the Database on developments in a Globalised World designed to be updated and grow over time
